

2022 JACK FROST PARADE GUIDELINES

1. **YOU MUST HAVE YOUR ENTRY IN TO THE CHAMBER BY MONDAY, 28 NOVEMBER.**
2. **YOU MUST HAVE YOUR ENTRY LIGHTED**, whether it is a float, trailer, or a vehicle. After all, it is the Jack Frost Festival of Lights parade! Units will be judged (0-10 points) for their lighting display.
3. **NO throwing candy or other items from floats or moving vehicles.** Candy or other items can only be HANDED OUT DIRECTLY to parade viewers.
4. **Keep up with the parade pace (1 1/2 car lengths between entries).** Keep watch in front and behind your unit. If the parade stops for a performance, stop with the parade, don't keep moving forward. If the parade is moving steadily, keep up with the vehicle in front (1 1/2 car length) so the parade is nicely grouped for viewing
5. If at all possible, **PUT SIGNS** on either side (or back/front) of your unit so people can know who you are!
6. Parade participants are responsible for having their float in their designated parade section by 5:00 on parade night. If you have to leave your entry for any reason, you **MUST NOTIFY** your parade section leader.
7. **NO SIRENS.** Sirens scare animals and children.
8. **NO fires** of any kind (bonfires, torches, candles, etc.) on floats or in walking units.
9. **NO stopping** for performances unless you have prior approval from the Parade Director.
10. **NO person** shall participate in the parade under the influence of alcohol or controlled substances.
11. Please follow the directions given you by your parade section director.
